

# FORM FOR BORDER-CROSSERS

DATE OF ARRIVAL: \_\_\_\_\_ DATE OF COMPLETION: \_\_\_\_\_

The submission of data on this form for border-crossers is governed by Order No 1.1-15/21/58 of the Head of the Health Board of 20.10.2021 'Processing of personal data of border-crossers and informing them of the risk of infection and control measures to prevent the epidemic spread COVID-19'.

A person arriving in the Republic of Estonia (hereinafter referred to as border-crosser) from a third country or a Schengen Member State whose cumulative number of positive tests for the SARS-CoV-2 coronavirus causing the COVID-19 disease per 100,000 people in the last 14 days is more than 200, must submit information required in this form to the Health Board before crossing the border or arriving in the Republic of Estonia to prevent the epidemic spread of COVID-19, avoid the arrival of more dangerous and new strains of SARS-CoV-2 and monitor national restrictions on freedom of movement after border crossing. **Persons who are exempted from the restriction on freedom of movement, pursuant to Government of the Republic Order No. 305 of 23.08.2021 "Measures and Restrictions Necessary for Preventing the Spread of COVID-19" do not have to provide the information.**

## PLEASE COMPLETE THE FORM IN BLOCK CAPITALS.

Given name and surname:.....

Personal identity code or date of birth:.....

Travel document number, gender and citizenship:.....

Place of residence or permanent place of stay in Estonia (street name, house number, flat number, city and county):.....

COUNTRY FROM WHICH YOU ARRIVED: .....

COUNTRIES YOU TRAVELLED THROUGH DURING YOUR TRIP:.....

Telephone: ..... Email address: .....

Given name, surname and nationality of children under the age of 18 travelling with you:.....

*Adults shall provide their details on a separate form for border-crossers.*

**I am aware that if I submit incomplete or false information, the Health Board may commence state supervision proceedings and, if necessary, impose a penalty payment of up to EUR 9,600 under section 28 of the Law Enforcement Act. If I fail to comply with the obligation to restrict movement, the Health Board or the Police and Border Guard Board may, within the framework of misdemeanour proceedings, impose a penalty payment of up to EUR 400 under section 462 of the Communicable Diseases Prevention and Control Act.**

\_\_\_\_\_  
(signature)

**I am aware of the movement restriction imposed by Government of the Republic Order No. 305 of 23.08.2021 "Measures and Restrictions Necessary for Preventing the Spread of COVID-19" issued on the basis of subsection 28 (6) of the Communicable Diseases Prevention and Control Act.**

Neither the Health Board nor the Police and Border Guard Board have the power to exempt a person from a restriction on the freedom of movement or to reduce its duration.

## ADDITIONAL INFORMATION FOR BORDER-CROSSERS

### If you show any symptoms of COVID-19, you must:

- 1) Contact your general practitioner and ask for further guidance on further treatment;
- 2) Outside the general practitioner's office hours, call the family doctor's advice line at 1220 or +372 634 6630, also if you are a foreign national;
- 3) In case of breathing difficulties or shortness of breath, call the Emergency Response Centre at 112 (international phone number +372 6000112) and/or call an ambulance.

### On the testing of border-crossers:

Testing (PCR method) is free of charge for citizens of the Republic of Estonia and individuals holding an Estonian residence permit, who arrive from a country that is not included in the EU green list. Foreign nationals are charged for testing. **The first PCR test sample can be given at the place of arrival:**

1. In the pedestrian area of terminals A and D of the Port of Tallinn on a first-come, first-served basis (available during the arrival of vessels).
2. At Tallinn Airport on a first-come, first-served basis (available during the arrival of airplanes and closed between arrivals).
3. In the customs zone of Narva Border Crossing Point on a first-come, first-served basis (available 24/7).
4. Anyone arriving by train, by ship to another port or by land can make an appointment for initial testing by calling the public testing centre at 678 0000 (Mon–Fri 9–17).

**If the first test taken in Estonia indicated a negative result and 6 days have elapsed since taking the test:**

- 1) **Citizens of the Republic of Estonia and individuals holding an Estonian residence permit** will be called and offered a second appointment to provide a sample at a public testing point across Estonia.
- 2) **Foreign nationals** have to find a suitable testing site and service provider (such as SYNLAB Estonia, Medicum, Qvalitas Medical Centre, Confido Private Medical Clinic, Fertilitas, etc.). You can book an appointment by calling:
  - a. SYNLAB Estonia (Tallinn, Tartu, Jõhvi, Narva, Pärnu) customer support at 17123 (Mon–Fri 8.00–18.00);
  - b. Medicum (Tallinn) at 6050681 (Mon–Fri 9.00–17.00);
  - c. Qvalitas Medical Centre at 6051500 (Mon–Thurs 8.00–18.00, Fri 8.00–17.00);
  - d. Confido Private Medical Clinic (Tallinn) at 1330.

**For information on movement restrictions (including upon arrival and departure), please call the national helpline at 1247.**
